 - a. The quality and content of the installed system.
 - b. That the As-Built plans are as herein described (See attached)
- E. Proof of payment of all fees.

FOR SEWER

I, _____, being a duly licensed Engineer in the State of New Jersey have made an inspection of the work shown on these drawings as it is proposed for acceptance by the Authority and find good workmanship throughout the entire project, that the sewers exist true and straight to grade, that the free flow conditions exists, that no debris or obstructions are in the lines, and that the infiltration of the completed system does not exceed the limits set forth in the "Sewer Rules and Regulations" of the Authority. I, also certify that the project as offered and as shown on these particular drawings is in substantial compliance with the plans that were given for submittals of FORM C: Authorization to Construct and as approved by the Authority Engineer.

Signature of Engineer: _____ Date: _____

Signature of Applicant: _____ Date: _____

ACTION: The Authority will conduct a final inspection. Upon the recommendation to accept the system, the Authority Solicitor will have executed the transfer of the necessary deeds, easements and/or public rights-of-way. The applicant will be notified that the Authority accepts the Maintenance Letter of Credit as of that date; releases him from the Performance Letter of Credit and agrees to take responsibility for the system.
